Salk Polio Shots Resumed Here

A resumption of the anti-polio vaccinations began in the Campbell area and will continue today and tomorrow following a three weeks delay in the Salk vaccine program.

Conducted as a County Health department program with space and facilities provided by the schools, a consent from parents slip must accompany each inoculation for first and second grade students.

Yesterday the children from Dover School received the shots at the Cambrian school. Today the children from Hamilton, Rosemary and Cherry Lane schools are to be treated at Hamilton school. Tomorrow at San Tomas school the shots will be given children from San Tomas and Quito schools.

Vaccine from the Parke-Davis Company is being used. No polio has been reported in Santa Clara County since the shots were started, according to Dr. Milton Chatton, county director of medical institutions.

SALK VACCINE IS TOPIC FOR QUITO KIWANIS

Two doctors on the program for the Quito-Saratoga Kiwanis Club told what the Salk Polio Vaccine seeks to accomplish. William Christensen was the program chairman.

Dr. Edw. S. Stephenson gave a brief history of polio with figures on incidence of occurrence, percentage of cases of the paralytic type, how to guard against exposure, symptoms, how the doctor diagnoses it and the present day methods of treatment.

Dr. Allorie Babienco told in layman's language the history of Dr. Salk's struggle to perfect the vaccine, the final manufacturing procedure. He cited how the vaccine was first tried out and then of the mass inoculations. He said there were a relatively few cases occurring from among the four and a half million already vaccinated.

Present from Campbell were Lt. Governor and Mrs. William C. Henley.

Others present were Messrs and Mesdames: Lee Arnold, C. E. Bradley, Bill Christensen, Ray Coe, Richard Craig, Ed Fox, Jim Hall, Phil Hurd, Steve Kidd, Bob Magnuson, Sam Manfre, Herb Raymond, Douglas Tennison, Ollie Upton, Tom Williams, Walt Williams, Verd Romer, Al Fichera; Dr. and Mrs. Jay Sitney, Ed Stephenson; Messrs Phil Goodere, Earl Herzberg, J. Kiwanians Hear Report On Water Setup In Area

The Cambrian Park and the Campbell Kiwanis Clubs held a joint meeting in Country Woman's Clubhouse here Tuesday when Charles Bowen, noted etomologist and chemist for A. L. Castle Company, was the speaker and Herb Shadle was program chairman. Bowen talked about agricultural chemicals then said there are opportunities in this field for career students and that large firms have scouts combing the schools for students with good grades and interests in the field.

Shadle read a letter from State Senator Jack Thompson lamenting the fact that the state did not buy the Butano forest some ten years ago when it was available at about one quarter its present price. It is one of the few remaining stands of virgin timber, native shrubs and waterfalls in California located within twenty-five miles of Campbell. Senator Thompson also wrote a tri-county water authority is having a hearing within one week regarding getting water to Santa Clara County. He has proposed a special meet after adjurnment of the legislature to consider the water problem, as most legislators are confused over the various water plans. He said the Feather River project will suffice local needs but some of the output will have to go to Southern California because that is where the votes are and any statewide project must include them to be approved.

Present from Cambrian Park Club were Bernie Dale, President; Berkeley Mathews, Richard Cox, Dr. Ken Henrickson, Roland Risso,, Mac McCullaugh, Jim Jenkins, Dr. F. McGinty, Forrest Phelan, Dean Chamberlin, Richard Derk, and Mark Cali. WELCOME TO THE FORD PLANT

Henry Ford II, president of Ford Motor Company, said at the dedication of the new assembly plant in Milpitas, eight miles north of Campbell on Tuesday that this was one of eight such plants being opened by his firm in the post war period to cost a total of $1,700,000,000. He said the new plant is a reflection of Pacific area economic growth.

Ford said that in 1914 when the first assembly plant was set up on the West Coast, California had a population of less than three million, while today it is four times that, and that the business volume had increased twenty times. He predicted that within ten years California will have more people within its borders than has any other state in the union, stating that in California today there are more cars on the road than in any other state, the registration being about ten percent of the national total.

Governor Goodwin Knight said there are half million new people locating in California each year, and that some 150,000 new jobs are necessary for these people. He said the new plant and its company represents the spirit of American industrial enterprise. He estimated that there are more than a million Fords on California roadways. He cited the eastshore freeway, completed to serve the new Ford plant and said another five and a half-mile gap will be opened for bids this Fall between Warm Springs and Hayward, and that later Route 5 Freeway will extend to Santa Cruz by way of Campbell and Los Gatos.

The importance of the assembly plant was adequately covered at the meeting. The expansion of home building, industrial and commercial work in the county is a natural expectation.

SCHOOL BOARD ELECTION

All about Campbell there is a feeling of continual growth, and nowhere is this more positive than at the schools. Enrollments increase steadily, year by year. That means that more school sites must be selected and more schools built; more classrooms added to the existing schools.

It is not an easy manner to determine just where the next development is to be. Today, for instance there are permits issued for 58 new homes to cost $478,000.00 in one area of Campbell.

School boards are responsible for the handling of big sums of money representing a substantial bite into the tax dollar. This is particularly true in the Campbell districts, the largest in the entire county.

Tomorrow is election day for school boards. Unfortunately such elections do not get the attention from the voters that do other elections. We are inclined to let them follow along a natural course, knowing full well that boards to some extent are bound by regulations from the state, county and districts. The planning must be done locally, however, and that is important.

Whatever your choice may be for the elections tomorrow, go to the polls and vote. Make it a vote of confidence, or for a change, but vote. It is your privilege and constitutional right to do so. Vote as you please, but vote, please.

SONG WRITER WITH A HEART

Song writer Johny Mercer recently paid off fifty-five people a total of $300,000 they had invested in a firm his father started in Georgia, but which went broke 28 years ago. Johnny paid off every debt. Few people would ever have that much money to pay off the old debts, and fewer still would have accepted such an obligation. Johnny Mercer is a great song writer, but that is not all for which he is distinguished.

Brig. Gen. Olds Speaks At Rotary

Brigadier General Corwin Olds, U. S. A. (ret.) discussed the "Moral Status of The Armed Forces" in keeping with Armed Forces Week at the regular Monday luncheon of the Campbell Rotary Club.

Olds, who is minister of the Campbell Congregational Church and formerly chief of chaplains in the South Pacific during World War II, slanted his talk in particular towards the Army, saying parents of today are vitally concerned with moral education and the prime responsibility of a chaplain is to see that young men are given this type of instruction.

He traced the history of the army through World War I when every man's moral behavior was his own business; the peacetime years prior to W. W. II when the Armed Forces consisted primarily of professional soldiers in whom no one was concerned; through World War II which saw the beginning of moral instruction for every soldier, down to the present time when every man is given eight lectures of fifty minutes each on morals and character building during his training period.

Les Harmon conducted the meeting and Ben Strong was chairman of the day.

Police Looking For Molester Of Young Girls

An investigation is being made today of the report of a young Campbell girl who told Police that while out walking Tuesday evening she was stopped and molested by an unknown man in a car.

The driver of the car made a U turn in the street and proceeded back to where she was walking and stopped her. The driver said he was not familiar with the area and asked the location of the San Jose-Los Gatos highway which she gave him. He then made a number of obscent remarks.

"The need and Vocation for Higher Education" is the topic selected by Rev. Herman J. Hauck, S. J., luncheon speaker for the annual convention of San Francisco Archdiocesan Council, National Council of Catholic Women, at the Fairmont Hotel on Saturday, May 21, at 1:00 p. m. Father Hauck is President of Santa Clara University and President of the Association of Western Colleges.

Business meetings and section meetings of the conference will be at St. Mary's Cathedral Hall, Van Ness Avenue and O'Farrell Streets, preceded by Mass at 9:00 a. m. in the Cathedral on the convention day.

Mrs. James J. McGrath, of Menlo Park, Chairman of the Committee Cooperating with the Laywomen's Retreat Movement, will present the training program of Santa Clara County Council for the promotion of retreats. Choir Receives Double Superior

The Campbell High A cappella Choir directed by Mr. Frank Triena, received the top rating of superior at the California State Music Educators Conference, held at San Jose State College, Saturday, May 7. Ours was the only choir in the Santa Clara Valley to receive this top award. The superior rating was unanimous from each of the three judges, who were Mr. Russell Bodley of College of Pacific; Dr. Roy Freeberg of San Francisco State; and Mr. Robert Holmes from Southern California. The judges commented favorably on the choir's performance in general, and remarked especially on the "Fine quality and spirit" shown.

The 1954-55 choir is the first in Campbell's history to have also received a superior rating in the sight reading event. Mr. Cecil Enlow of Oakland Junior College was the judge in this event. Mr. Triena was especially pleased with the sight reading score, as it is a test of true musicianship to be able to read a piece of music not previously seen.

The choir is now one of the few schools in contention for the award of Outstanding Choir of the entire Festival, in receiving superior in both divisions.

Entrants from Campbell competing in the vocal solo division include Diane Patterson, Nick DeRose, Gary Strauss and Alla Farmer, who received ratings of Excellent, and Ron Shelton and Margo Hopkins who received good. Piano solos that were voted good were by Susan Quist and Diane Patterson.

Lincoln's birthday was first observed as a legal holiday in Washington, D. C. in 1866.

Library Tea Is Judged A Success

A capacity crowd attended the annual Library Tea sponsored by the Campbell Country Woman's Club last Wednesday afternoon in which an unusually fine program was presented by Del Hollenberg, tenor, and Margaret Douglas Chamberlin, an instructor at San Jose State College.

Hollenberg, who is associate minister at the Congregational Church of Campbell, sang two numbers by Thomas F. Dunhill, "To The Queen of Heaven", and "The Cloth of Heaven", which were very well received, and chose as his encore "O Beautiful Month of May", a 15th century German song. He was accompanied on the piano by Mrs. Dave Sanders.

Miss Chamberlin gave a charming and spirited reading of her latest unpublished play "Cold Eggs" which deals with the chain reaction set up with other people when a husband dallies until his breakfast is cold and unappetizing. She is a versatile writer, actress and former radio and TV perfromer.

The tea table was covered with a handmade lace tablecloth and centered with the new silver tea service surrounded by yellow-pink roses.

General chairman of the affair was Mrs. Larry Critchlow, who was assisted by Mesdames E. C. Price, J. D. Cantoni, G. K. Shrader, Fred M. Carson, L. E. Hendrick, David Sanders, Walter Elkey, and Myrle Dodd.

By HELEN McLEOD

I'M GOING TO BE very methodical from now on, and arrange all my items in separate categories. For instance, there will be a section devoted to new babies—that is, new to me, although some may now be six months old. Then we'll have the shower department—mostly those which honored expectant mothers, since in the Quito area, we have quite a few of such. Then children's birthday parties, visitors, trips, club news, youth group news, animal items.

ONE OF THE NEWEST of the new babies about whom I have heard is that of the Frank Sabella's on Devon Ave. Born April 24 at O'Connors, her name is Peggy Irene, and she is the third Sabella daughter. The other two are Betty and Marie. Father Frank took a couple of weeks off from work in honor of the arrival—but he is still wondering if it is a vacation. MR. and MRS. CARROLL J. POE HAVE THEIR FIRST CHILD and it's a girl—Janis Elaine, born March 26. The Poes live on Bucknall and Mr. Poe has his own Lathing business. THE DONALD L. WARDELL'S of Afton Avenue had a boy March 9—Daren Reed. There are three other Wardell children—Danny and Sandra, attending Quito School and little David. Mr. Wardell is Manager of Valley Equipment Co., and the family have been in the Quito Area since Aug. 1, coming originally from Portland. THE GORDON CREIDER'S of Paseo Flores have a first child, Frances, born Jan. 22 and she is the first girl in the Creider family in 70 years. Mr. Creider is an underwriter with Mutual of New York, and the family left Pennsylvania three years ago for California. His brother Chester A. Creider, Jr., recently moved out of Quito and lives on Sunnyvale Highway. There are three boys in this family—Chester A. Creider, III, Larry and David. Chester A. Creider, Sr., lives in Palo Alto. MRS. FRED E. PICKERING had a little boy, David Earl, March 14 at O'Connors. While her serviceman husband is stationed elsewhere, Mrs. Pickering and son are living on Bucknall Road with her parents, the WILBER G. deBOIS. Her brother, Harold, is in the service, and her sister Lucia is a 4th grader at El Quito Park School. Lovely is a Campbell High Student.

THERE ARE many more babies that I haven't heard about, but probably will before they start attending college, so I'll skip several categories and go on to the "NO NAME CLUB"—which is what a group of women call themselves who meet every other week at each other's homes. They play whist, talk, eat, play whist, talk, drink coffee. Occasionally, when funds permit, they eat out at a restaurant, they have Christmas parties and Secret Pals. Next meeting will be at Laura Neale's house on Payne Avenue. Other members are Ann Younis and her mother, Goldie Darlend, Mary Spiker, Tody Burke, Audrey Wheeler, Ethylmae Smith and Elaine Yesney.

ANUMBER OF QUITO WOMEN went to the shower at Fireman's Hall, Saratoga, which was given by Mrs. Vern Buckle for Mrs. Sam Serchia of MacFarland Ave. These women were Mrs. Ned Leone, Mrs. Carl Falletta, and Mrs. J. R. Greensides all of MacFarland, and Mrs. Charles Griffin of Afton Ave.

THERE ARE TWO MURPHYS on Paseo Cerro. I met the newer arrival at last week's El Quito Park PTA dinner-meeting, and learned they have a 6th grade daughter and an older son at home. I couldn't recall the first names of these Murphys—an advantage in telephone seaching—so called Eleanor Leeper, also on Paseo Cerro. She told me her daughter Kathy played with an older Murphy boy named John, and upon examining the phone book, found a John S. Murphy. I called the number, and talked to a delightful woman who has lived a block from me for five years—almost—and whom I have never met. This Mrs. Murphy has a three year old boy—John—and she told me she wasn't doing anything newsworthy except washing windows at the moment. This was not the Murphy I'd met at the meeting, but I did see some more Murphys there. Bill and Mary Leigh Murphy of Paseo Tierra were helping out in the kitchen, along with Mrs. Robert Smith of Saratoga Avenue and Mrs. Dorothy Hurd of Monte Linda tract—who was the big planner and engineer for the whole successful dinner. MR. and MRS. HARRY DREES were sitting behind us, and despite the profundity of the occasion, I still managed a snicker at overhearing a witty remark from that humorous couple.

CAROLYN REYNOLDS and her two children were there—and her little boy Jerry still hasn't found his lost tractor which disappeared from a kindergarten room. MRS. CHARLES MORTARA'S fourth grade Blue Birds led the flag salute.

Campbell High Names Delegates Sacramento Meet

Ethel Dorman and Glen Cureton have been selected to represent Campbell High at Girl's and Boy's State this summer. The trips are sponsored by the American Legion. Glen and Ethel were chosen for their commendable scholarship, leadership, and citizenship.

Girl's and Boy's States are designed to teach one Junior girl and one Junior boy from each high school in California, our system of government. Both Boy's State and Girl's State will set up a separate government of its own, including cities, counties, and state. The sessions will also be highlighted with recreation, entertainment, and a parade through Sacramento, where Girl's and Boy's States are held.

Boy's State will be held in Sacramento from June 18 to 25. Girl's State, also held in Sacramento, is to be from June 22 to 29.

Ethel Dorman is now serving as Commissioner of Social Affairs and Glen Cureton is a member of the Student Council.

Three prominent Santa Clara County men to participate tomorrow in the third annual University of California Conference on City and Regional Planning to be held at Memorial Auditorium in Richmond, will be Karl Belser, Director of Planning, Santa Clara County Planning Department; Abraam Krushkhov, Senior Planner of the County Planning Department; and E. F. DeVilbiss, Executive Director of the Santa Clara County Taxpayers Association.

The three Santa Clara County men will serve as discussion leaders and resource persons at workshop sessions during the afternoon. Belser and DeVilbiss will discuss "How to Finance Essential Facilities and Services in a Growing Community". Kruschkhov will discuss "Things a Home Buyer Should Look for in a New Subdivision".

The conference will have as its theme "Planning and Building for Better Living in Cities and Counties". It is being presented by the Department of City and Regional Planning and University Extension of the University of California.

The key-note address will be delivered by Bruce Bliven, author and lecturer, who will speak on "The San Francisco Bay Area: The Crisis of 1965".
